

HECKLER & KOCH

MP5

MP5

SUB-MACHINE GUN (SMG) / 9 x 19mm

MP5 FEATURES

Trusted by the world's elite military and law enforcement for more than half a century, the Heckler and Koch MP5 remains the preeminent sub-machine gun. Modular by design with several different variants available, the MP5 series is adaptive to the specific needs of the operator.

The right tool in your tool kit. The standard MP5 is right-sized for most needs; adaptable for any mission. Yet, if the requirement demands more compact capability, the MP5K far outperforms a comparable service handgun. While for fully optimized sound suppression, utilizing standard issue, supersonic ammunition, and producing no muzzle flash, the MP5SD simply has no peer.

More compact and concealable than a rifle with lower sound and visual signature, the MP5's delayed roller locking system provides extreme accuracy and controllability in all modes of fire. Shared pistol caliber with issued sidearms, ease of training and maintenance and legendary reliability make the MP5 an obvious choice for a wide range of requirements today and well into the future.

MP5 Sub-Machine Gun (SMG)

TECHNICAL DATA

Models	MP5	MP5N	MP5K	MP5K-PDW	MP5SD
Caliber	9 x 19mm
